The aim of the conference

Management as the organization and the coordination of activities, in accordance with the policies and the clearly defined goals, is the basis for effective and efficient business profit and nonprofit organizations. Due to its nature and its methods, it can be applied in the public sector, private sector and civil society sectors.

This conference is an opportunity for scientists, experts, businessmen and the general public aware of the current situation and prospects of the subject areas covered by the program. This year, special attention will be paid to the management and the economics in modern public and private sectors in the country and the environment with respect to the concept of social development and the country's involvement in European integration.

The conclusions of the conference will be proposed elements of a strategy to provide quality business and industrial management in terms of the crisis caused by the transition and the modern economic and political turmoil.

Thematic fields – Conference Sections

- Modern trends in management
- Migrations - new challenges
- Modern financial management and fight against fraud and corruption

Serbian

Ways of participation

1. In absentia

This means that an author can participate by just sending a paper.

In such a case, the paper will be reviewed. The paper resume will be published in the Abstract proceedings and the full article in the MEST Journal.

In such a case, authors will have no any financial obligation in respect to the Organizers of the Conference (no fee for participation and the like).

2. Participation in Person with a Paper

The true aim of the Conference is to get as much as possible participants in person, with their papers. This will provide them a chance to present their works, to ask and answer questions, to directly address to all others, exchange ideas and experience etc. This participation, however relates to certain natural costs. More in section "Transportation, Accommodation and Fees".

3. Participation in Person without a Paper

One can participate in person, without paper, just attending the Conference, taking part in discussion, getting collection of papers and the like.

Important dates

March 15th, 2018 The last date to send the articles (in English or in Serbian) and application for participation.

March 30th, 2018 Authors will be notified about whether the articles are accepted for the conference or need corrections.

April 15th, 2018 The last date for sending the final version of article
