MASTER AND Ph.D. PROGRAMS

Study programs

The Faculty is accredited as the Institution for three study programs at the master academic studies and one at the doctoral studies:

- Study program master academic studies (postgraduate of one year) **Information Management** (60 ECTS)
- Study program (postgraduate of one year) **Industrial Economic Management** (60 ECTS)
- Study program (postgraduate of one year) **Business Law** (60 ECTS)
- Study program (doctoral studies – three years) **Business management** (180 ECTS)

Note:

The Faculty is in process of accreditation for a new Ph.D. study program, doctoral studies – three years, **Law**.

Who can enroll in Master and Doctoral studies at the Faculty of Business and Law?

Applicants eligible to enroll in the postgraduate Master academic studies should have successfully completed undergraduate studies at a higher education institution whose programs belong to the scientific fields of economics, business, management, technical, technological or mathematical sciences.

To enroll in the first year of the doctoral studies can apply all those who have completed postgraduate – master studies in the field of Socio-Humanities.

Admission to the first year of study

According to the procedure prescribed by the Ministry of Education, Science and Technological Development of the Republic of Serbia, the admission is without taking the classification exam, and after passing validation of previous diplomas.

Important dates

- Submission of applications up until 03/07/2017.
- Processing of the requests of interested candidates up until 10/07/2017.
- Notifying the candidates of the results of the competition until 17/07/2017.
- Acceptance of students from 01/09/2017
- Beginning of the Serbian language course 05/09/2017.

To check whether some deadlines are extended, please, visit the website: www.meste.org/fbl/

Important

For students who do not speak Serbian, the Faculty organizes a preparatory Serbian language course.

International collaboration

For years, the Faculty has been developing intensive international collaboration with high educational institutions from Europe and Asia. Among the other, the collaboration provides an exchange of students with partner universities from Bulgaria, Poland, Romania, Russia, Slovakia, and Ukraine. Students have an opportunity to participate in the **Erasmus+** program of student exchange.

Special opportunities for students

The Faculty can offer to its students, accommodation, and food at reasonable prices.
