Dear readers,

Welcome to the third issue of the MEST Journal, an international peer-referred academic journal, official journal of the non-profit organization MESTE. This issue is published online, as well as print (subscription).

The MEST Journal is registered in DOI system by CrossRef with **DOI 10.12709/issn.2334-7058**. All articles published in this issue, as well as in the previous two issues, of the MEST Journal have their own DOIs. The MEST Journal is registered in **doiSerbia** of the **National Library of Serbia**, and **EleCas** base of **KoBSON**.

We introduced the practice that articles, that have undergone peer review, and will be published in the next issues, we make available to readers in the form of preview - early reading.

The focal point of the journal remained at international level, with the view on matters from a global perspective. Also, some papers concerning some local specific events are published in this issue. We follow the mission and vision of the journal and help authors to publish their works and present their achievements in the most convenient way. With its broad scope MEST Journal welcomes high quality, original research articles and reviews from scientists and professionals, professors and PhD students in the areas covered by its thematic, as it is shown in the **Thematic areas** on the page III, but these are not exclusive themed areas.

We do not censor the works we publish. We check articles on plagiarism, but we do not guarantee the accuracy of the data published in scientific and professional works of our authors. We believe that our authors are honorable and publish only their original works. For quality of papers we publish we thank the authors and reviewers who did their job well and conscientiously.

You can follow us on the Facebook: <https://www.facebook.com/www.meste.org?ref=profile>, as well as on the Twitter: "<https://twitter.com/MesteZc>

I wish you all success in your future endeavors, and invite you to publish your works with our motto: "If you wish to be quoted, people first have to hear for you".

We will help you!
